MESSAGE

It gives me immense pleasure that the **TRIBAL RESIDENTIAL EDUCATIONAL INSTITUTIONS TELANGANA EMPLOYEES ASSOCIATION (TREITEA)** is bringing out Annual Diary 2015 for the first time in the State of Telangana. I am very happy to note that the DIARY contains all useful information related to academic and administrative aspects of Teachers. I am also delighted to place on record that the TREITEA is rendering great service for the educational upliftment of poor tribal children and immensely assisting the Government for redressal of various grievances under Education sector in Tribal Welfare Department.

I extend my whole hearted greetings to the office bearers/members of the Association and wish them great success in all their future endeavours.
